Catheter Fixation System

 **SAEUM
MEDITEC**

+ Characteristics and Advantages

- Catheter tube holder for temporary fixation of a low-vacuum drainage bottle
- Identical silicon material to drainage tube
- Clip for medical device with silicone material same as drainage tube
- Easy operation with simple fastening structure
- Silicone friction preventing leakage of drain pipe
- Hydro-colloid skin adhesion
- Gentle adhesion along the curved surface of the skin to reduce irritation during removal

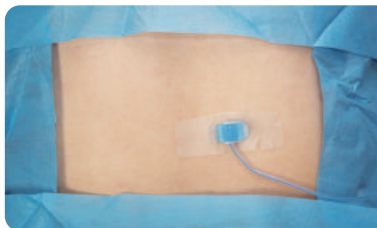

+ How It Works

1
Prepare the product

2
Apply the adhesive tape on the affected area

3
Insert the drain pipe into the pipe support. Fix with the silicon band

4
Apply additional TPU films over the area
